Item Title/ Subject: AT&T Service Update to Fire Station

Staff Source: Gene McCullough

Date: 7/28/2016

History/Background Information: For redundancy, the Fire Station has always had its own phone service, independent of but connected to City Hall/PD, despite its relatively low proximity to City Hall/PD services. The Station currently has 7 lines servicing the facility.

Subject Summary: AT&T, our local telephone provider, is migrating away from its analog phone service for enterprises. The City has already made the change in service at City Hall, and we are now confident the service is reliable and compatible with our equipment. The service change provides greater availability for calls going in and out of the facilities, provides better maintenance from the provider, and a cost savings to the City.

Recommendation: Authorize staff to proceed with the change of service with AT&T at the Fire Station.

Price/Cost: \$360 a month service costs for 7 channels (concurrent calls, 6 is minimum for service)
