

November, 2016

City of Clinton  
PO Box 1177  
Clinton, OK 73601

ATTENTION: Steve Hewitt

Public Service Company of Oklahoma appreciates you for participating in the Peak Performers program. In 2016 the Peak Performers program achieved an average reduction of 52.6 megawatts which is equivalent to powering approximately 484,000 refrigerators all at once.

Peak Performer businesses are a tremendous help in reducing strain on the grid at critical times. As a Peak Performer, your efforts will significantly contribute to keeping prices low for all PSO customers by helping avoid or delay the need for new power plants.

We look forward to having you as a Peak Performer business again next year.

Sincerely,

A handwritten signature in cursive script that reads 'Nonette Surbaugh'.

Nonette Surbaugh  
PSO Peak Performers Coordinator
