Section 16, T12N, R17W

Said right-of-way to be **ten (10) feet** in width.

For the same consideration, Grantor further grants unto said Grantee, the perpetual right, privilege and authority: to cut down, trim, treat and dispose of any trees and undergrowth on said easement or on the Grantor's property contiguous thereto which, in Grantee's sole judgment, interfere or threaten to interfere with Grantee's structures, lines, fixtures and equipment, or with Grantee's ability to construct, operate, maintain, reconstruct or remove said structures, lines, fixtures and equipment; to prevent the placement of any structure within said easement; to set the necessary guy and brace poles or anchors and to attach all necessary guy wires thereto; to enter upon the said easement over, under and across the Grantor's other property adjacent to said easement for the purpose of constructing, operating, maintaining, reconstructing and removing its said structures, lines fixtures and equipment; and to construct, operate, maintain, reconstruct and remove such lines upon, over, under and across said easement.

Grantors warrant that the surface of the earth upon said easement will not be lowered without prior consent of Grantee. This covenant is recognized as being necessary for the protection of the underground facilities and the public. Grantor agrees to be responsible for any damage to the facilities. Grantor agrees to prevent the placement of any structure within said easement.

ALSO granting said Grantee, its successors and assigns, the perpetual right, privilege and authority to prevent the placement of any structure that may, in the judgment of the Grantee, interfere with or endanger said underground electrical system or its maintenance and operation; and to enter upon the above described premises for the purposes of constructing, operating, maintaining, reconstructing and removing its underground electrical system aforesaid, and further granting to said Grantee, its successors and assigns, the right, privilege and authority to construct, operate, maintain, reconstruct and remove such underground electrical system under, upon, over and across any street, alley, highway, railroad or other right-of-way now or hereafter established and existing on or across said premises or adjoining the same or adjacent thereto.

The failure of Grantee to exercise any of the rights granted hereby, in whole or in part, for any period of time shall not be deemed to constitute a waiver, release, abandonment or limitation of such easement, right, privilege or authority. Grantor hereby reserves the right to make such use of the land included within the easement as is not inconsistent with the rights, privileges and authorities granted hereby.

Grantor hereby warrants unto Grantee that Grantor will defend the easement and all rights, privileges and authorities hereby granted against every person or persons who may lawfully claim an interest in the property of Grantor contrary thereto. Grantor hereby acknowledges that this document contains the entire agreement between Grantor and Grantee regarding the easement,
