Re: Clinton Junction – Jensen Road Transmission Line Project  
Section 34, Township 12N, Range 17W, I.B&M. Survey  
Custer County, Oklahoma

Dear Landowner:

You are receiving this letter because public records indicate you own property along a transmission line that needs to be rebuilt. Public Service Company of Oklahoma (PSO), in conjunction with AEP Oklahoma Transmission Company, Inc., wants to let you know about the project and how it impacts you and your property.

Coates Field Services is serving as PSO's right-of-way representative on this project and an agent will be contacting you about compensation for supplementing the current easement on your property. The discussion will include the offer from PSO for \$2,000.00 as payment for expanding the existing easement on your property to bring the rights and restrictions to PSO's standard right-of-way requirements.

Prior to meeting with the right-of-way agent, please review the enclosed documents including the Easement, Survey Plat, Easement Payment Schedule, and W-9. Following contact with a right-of-way agent, please sign and date each document in the designated areas, have the Easement notarized and return all documents in the enclosed, stamped envelope. Once we receive the signed documents, a check will be issued to you in the amount of \$2,000.00 and sent to you along with a copy of the fully-executed, recorded Easement.

While PSO makes every effort to minimize disturbance during construction, there may be some impact to your property. When construction is complete, crews will return the property to as close to its original condition as possible.

If you have any questions about this process, please call me at 239-464-8621 or email me at [shelley.davis@coatesfs.com](mailto:shelley.davis@coatesfs.com). Thank you in advance for your prompt response.

Sincerely,

**Shelley Davis**  
Right-of-Way Agent

### **SUPPLEMENTAL EASEMENT AND RIGHT-OF-WAY**

**Clinton Industrial Authority** ("Grantor") owns an interest in a tract of real property that is more particularly described in that certain Warranty Deed, Book 1330, Page 211, recorded 9/14/2006 of the real property records of Custer County, Oklahoma and such tract is subject to easements and rights-of-way in favor of Public Service Company of Oklahoma, including but not limited to the following:

Easement and Right of Way recorded in Book 253, Page 96, of the real property records of Custer County, Oklahoma (the "Easement").

Public Service Company of Oklahoma, a(n) Oklahoma corporation, whose principal legal address is 1 Riverside Plaza, Columbus, OH 43215 ("Grantee"), is the current owner and holder of the rights, title and interest, or a portion thereof, granted in or arising under the Easement.

For and in consideration of the sum of TEN DOLLARS (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, Grantor supplements the Easement by the addition of the following description to locate, fix, and define the easement area.

The location, width, and boundaries of the easement area are revised, modified, and clarified to be as described and depicted on Exhibit A which is attached and made a part hereof ("Easement Area").

The Easement is also supplemented by the addition of the following language:

Grantee, its successors and assigns, are granted the right to alter, construct, erect, improve, inspect, maintain, operate, patrol, protect, reconstruct, modify, add to, remove, repair, replace, upgrade and/or enlarge electric transmission and distribution facilities on, over, along, across, under and within the Easement Area.

The electric transmission and distribution facilities may consist of a variable number of towers or poles made of wood, metal, concrete, or other materials, crossarms, wires, guys, anchors, grounding systems, communication lines and associated fixtures. These electrical facilities may be used to transmit electricity of any voltage or amperage; together with the right to add to said electrical facilities from time to time, and the right to do anything necessary, useful, or convenient for the enjoyment of the Easement.

Grantee, its successors and assigns, are granted the right of unobstructed ingress and egress, at any and all times, on, over, under, across and upon the Easement Area, and across the adjoining lands of Grantor as necessary to access the Easement Area or structure locations for the above-referenced purposes.

Grantee, its successors and assigns, will have the right to cut down, trim, remove, and otherwise control, using herbicides or tree growth regulators, any trees, overhanging branches, vegetation, or brush within the Easement Area or situated on lands of Grantor that adjoin the Easement Area, when in the opinion of

Grantee the vegetation may endanger the safety, or interfere with the construction, operation or maintenance, of Grantee's facilities or ingress or egress to, from or along the Easement Area.

In no event may Grantor, its successors, assigns, agents, licensees, or legal representatives, plant or cultivate any trees; nor place, construct, install, erect or permit any temporary or permanent building, structure, improvement or obstruction, including but not limited to, storage tanks, billboards, signs, sheds, dumpsters, light poles, water impoundments, swimming pools or wells, or permit any alteration of the ground elevation, over or within the Easement Area. Grantee may, at Grantor's cost, remove any structure or obstruction if placed within the Easement Area, and may level any alterations of the ground elevation within the Easement Area.

Except as modified by this Supplemental Easement and Right of Way, all terms and provisions of the Easement and all rights arising in connection with the Easement will remain in full force and effect. Those provisions and rights are expressly ratified, reaffirmed by and incorporated within this Supplemental Easement and Right of Way. The Easement, along with this Supplemental Easement and Right of Way, will for all purposes function as a single instrument. To the extent any terms or provisions of this Supplemental Easement and Right of Way conflict, or are inconsistent, with any term or provision of the Easement, the terms and provisions of this Supplemental Easement and Right of Way will control. Nothing in this Supplemental Easement and Right of Way will in any manner vary, change, modify, or restrict the rights and privileges that Grantee may have acquired through any instrument other than the Easement or by any other means.

This instrument may be executed simultaneously in two or more counterparts, each of which will be deemed an original, but all of which taken together will constitute one and the same instrument. The signature pages from each counterpart may be removed and attached to one document for purposes of recording this Supplemental Easement and Right of Way in the real property records of Custer County, Oklahoma.

This Supplemental Easement and Right of Way will be binding upon and inure to the benefit of Grantor and Grantee and their respective heirs, successors, assigns, agents, licensees, and legal representatives.

Executed this \_\_\_\_\_ day of \_\_\_\_\_, 2019.

EXHIBIT "A"

BEING A TRACT OF LAND SITUATED IN THE NORTHWEST 1/4 OF SECTION 34, TOWNSHIP 12 NORTH, RANGE 17 WEST OF THE INDIAN MERIDIAN, CUSTER COUNTY, OKLAHOMA AND BEING PART OF A TRACT OF LAND DESCRIBED IN DEED TO CLINTON INDUSTRIAL AUTHORITY, RECORDED IN BOOK 1330, PAGE 211 OF THE DEED RECORDS OF CUSTER COUNTY, OKLAHOMA (D.R.C.C.O.) AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

**BEGINNING** AT THE SOUTHEAST CORNER OF SAID NORTHWEST 1/4, FROM WHICH A 1/2-INCH IRON ROD FOUND AT THE SOUTHEAST CORNER OF SAID SECTION 34 BEARS SOUTH 45 DEGREES 00 MINUTES 14 SECONDS EAST, A DISTANCE OF 3,747.04 FEET;

**THENCE** NORTH 89 DEGREES 37 MINUTES 00 SECONDS WEST, A DISTANCE OF 1,976.81 FEET TO THE COMMON LINE OF SAID CLINTON INDUSTRIAL AUTHORITY TRACT AND A TRACT OF LAND DESCRIBED IN DEED TO CITY OF CLINTON, OKLAHOMA, RECORDED IN BOOK 957, PAGE 239, D.R.C.C.O., TO A POINT FOR CORNER, FROM WHICH A 1/2-INCH IRON ROD FOUND AT THE WEST 1/4 CORNER OF SAID SECTION 34 BEARS SOUTH 89 DEGREES 48 MINUTES 56 SECONDS WEST, A DISTANCE OF 660.02 FEET;

**THENCE** NORTH 00 DEGREES 14 MINUTES 25 SECONDS EAST, ON AND ALONG SAID COMMON LINE, A DISTANCE OF 100.00 FEET TO A POINT FOR CORNER;

**THENCE** SOUTH 89 DEGREES 37 MINUTES 00 SECONDS EAST, LEAVING SAID COMMON LINE, A DISTANCE OF 1,977.19 FEET TO THE EAST LINE OF SAID NORTHWEST 1/4 TO A POINT FOR CORNER;

**THENCE** SOUTH 00 DEGREES 27 MINUTES 17 SECONDS WEST, ON AND ALONG SAID EAST LINE, A DISTANCE OF 100.00 FEET, BACK TO THE **POINT OF BEGINNING**, CONTAINING 197,701 SQUARE FEET OR 4.539 ACRES OF LAND, MORE OR LESS.

BEARING BASIS: BEARINGS SHOWN HEREON ARE GRID, BASED ON THE OKLAHOMA STATE PLANE COORDINATE SYSTEM, NAD 83(2011), NORTH ZONE. ALL DISTANCES SHOWN HEREON ARE SURFACE DISTANCES, DERIVED USING A COMBINED SCALE FACTOR OF 1.00005437673902.
