Mr. Mark Skiles  
City Manager  
City of Clinton, OK

***RE: J. Joe Smith – Enable – Gas Contract***

Dear Mark:

As you are aware, the J. Joe Smith well that the Clinton Municipal Works Authority (CMWA) now operates, was previously selling the natural gas to Enable Midstream under a contract that EnerVest had with Enable. After the CMWA took over operations, Enable was contacted. They advised the CMWA that they would have to execute a new contract and were not willing to simply assign the EnerVest contract. The terms offered by Enable in the new contract are not quite as good as the EnerVest contract. With that said, it is my opinion, after talking with other industry operators and midstream gas companies, that what Enable is offering the CMWA, is probably as good as the CMWA will get in this circumstance.

I therefore recommend that the CMWA ratify and sign the contract.

If you have any questions or would like to discuss this in more detail, please feel free to contact me at your convenience.
