Re: Clinton - Foss Tap Transmission Line Rebuild Project Supplemental Easement Offer

Dear Landowner,

You are receiving this letter because you own property or live in the area that's part of Public Service Company of Oklahoma's (PSO) Clinton - Foss Tap Transmission Line Rebuild Project. The project involves:

- Updating about 13 miles of 69-kilovolt (kV) transmission line in or near existing easements between the Foss Water Treatment Plant Substation and an existing power line near the intersection of County Road N2240 and County Road E1030 in northwest Clinton
- Updating about 5 miles of 69-kV transmission line in or near existing easements between the Clinton Junction Substation, located off E1060 Road south of Clinton, and the Clinton City Substation, located off East Orient Avenue

In preparation for this project, PSO representatives look to supplement an existing easement on your property to meet updated standards for the safe construction, operation and maintenance of the transmission line.

As part of this process, PSO representatives ask that you please:

- Review the enclosed Supplemental Easement Offer, which modifies the company's rights on your property
- Review the enclosed Survey Exhibit, which displays the approximate location of the easement
- Review the enclosed Easement Payment Schedule, which includes PSO's offer based on its assessed value, and W-9

TRC Companies, Inc., serves as PSO's right-of-way representative for this project. Next steps include an agent contacting you soon to discuss your offer. As a result of the COVID-19 pandemic, TRC right-of-way agents are limiting in-person visits with customers during this process to ensure the public's safety and health.

After talking with an agent, please sign and date each document, have the Supplemental Easement Offer notarized, and return all documents in the enclosed self-addressed, stamped envelope.

You can then expect a check in the agreed-upon amount along with a copy of the fully executed easement documents.

Please contact me at 405-313-0413 or SOSutton@trccompanies.com if you have any questions. Thank you in advance for your prompt response.

Sincerely,
