Subject: Fwd: Prom Parking and Street Closures

To Whom It May Concern,

Clinton High School Prom will be on Saturday, April 29, 2023 at the Redland Theatre at 608 W Frisco in Clinton, OK.

We would like to have our students park near the theatre and are asking the city to block off the following intersections to provide safe areas for our students to access the theatre. We would like to use street parking as well as the available surrounding lots. We have been made aware of two private lots that we would not be able to utilize so if we can have those blocked off as well that would be greatly appreciated.

Intersections to block, starting at 6:45 pm (promenade and drop off will start at 7:00):

1. 10th and Frisco (eastbound)
2. 9th and Avant (northbound)
3. 8th and Avant (northbound)
4. 7th and Avant (northbound and westbound)
5. 6th and Avant (northbound)
6. 5th and Avant (northbound)
7. 4th and Avant (westbound)
8. 4th and Frisco (westbound)
9. Gary Blvd and 9th-5th street (southbound)

Private lots to block are on the corner of 6th and Frisco and 6th and Avant.

We would like students to park along Frisco and side streets where available to to use and also the Fire Dept. and the lots adjacent to it to the east. So we will need to travel westbound down Avant to 7th street. We would also like to use the lots north of the FBC on Frisco.
